

WHAT CAPA MEMBERS ARE SAYING

“Active participation in CAPA has allowed our urban, nonprofit park to have a strong voice in Sacramento—a voice we wouldn’t have otherwise. Legislators and regulators need to know the impact of their decisions on small operations. CAPA truly represents “strength in numbers” to us.”

- Oakland Children’s Fairyland

“CAPA allows us to network with industry leaders and learn more about industry developments across the state. We lean on CAPA to serve as a collective voice and a statewide industry expert.”

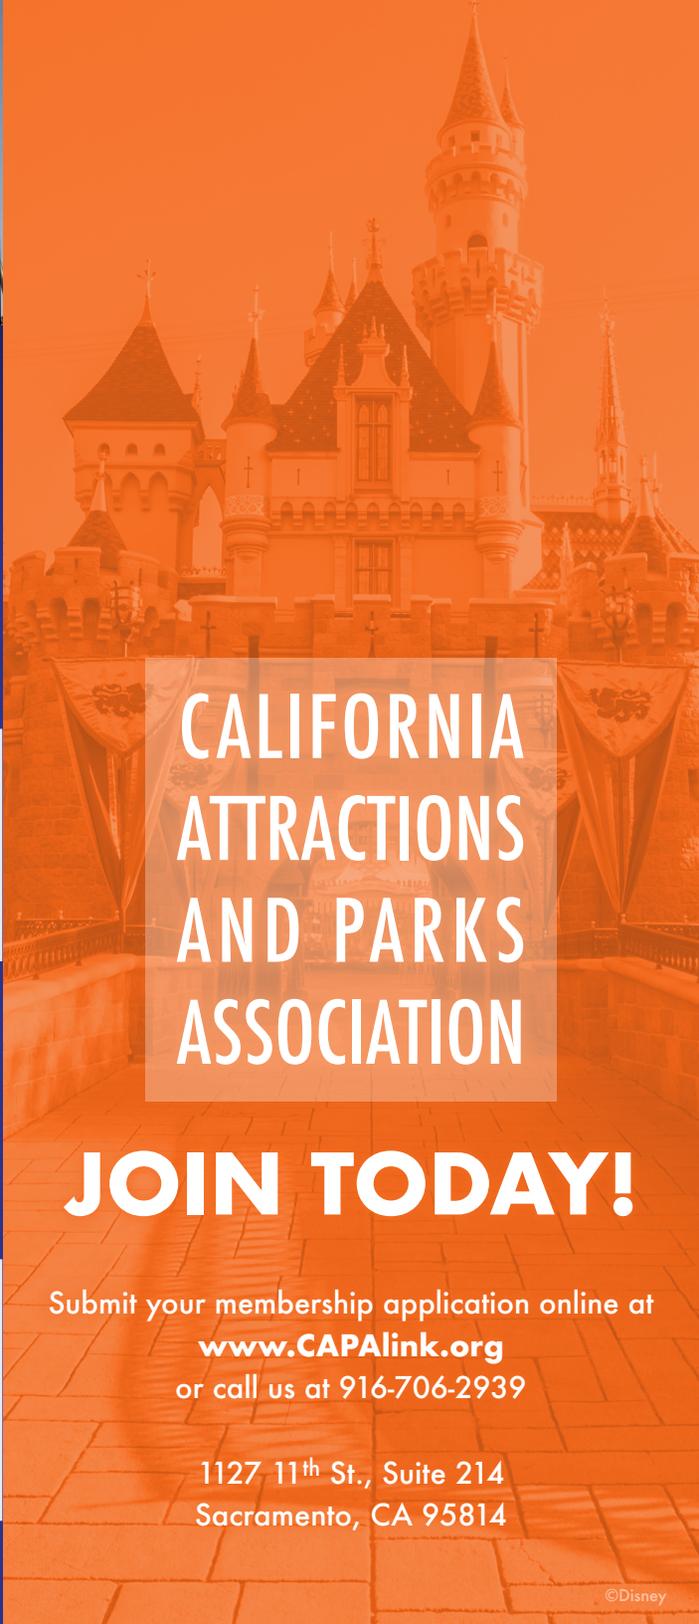

- Disneyland Resort

“Through CAPA, smaller parks can contribute to important issues and be represented in Sacramento along with the big parks. I appreciate the open communication CAPA facilitates with DOSH leadership so we can work together better.”

- Golfand/Sunsplash

“Being a CAPA member is like getting an IAAPA course on our industry’s legislative obstacles two years before everyone else in the world is affected by them. That’s worth the membership cost alone. With CAPA as a partner, we can rest knowing that our best interests are being represented, cleverly defended, and strategically addendumed.”
